

Our foster volunteers take needy homeless kittens into their own homes until we can find forever homes for them.

We are based in Pretoria. We don't have a shelter, but we have foster homes all over the Pretoria area.

All our kittens have rescue stories. Adopt, don't shop. Save a life: adopt a rescue cat.

Please sterilise your cats!

We don't have 'breeds' such as Persian or Ragdoll.

The best breed is Rescue!

Unfortunately we cannot take in adult cats or feral kittens over 8 weeks.

If you find feral kittens, please act quickly.

Ideal trapping age is between 4-6 weeks old.

Adoption Age: 12 weeks to ensure our kittens are as healthy and confident as possible.
